SAMPLE REQUEST FORM

Instructions: All fields to be completed by the client, except the section marked for laboratory use only.

Company : _____	Signature : _____
Name : _____	Completed By : _____
Contact No : _____	Date : _____
Address : _____	Email Report : _____
PO No : _____	Email Invoice : _____
VAT No (if applicable) : _____	Person Responsible for Invoice : _____

Please attach relevant documents	SAHPRA License	
	DALRRD Permit	
	Other	
	Not applicable	

Sample ID:	
Sample type (ex flower, extract, water etc):	
Sample Weight:	

Please select the analyses required for your sample

Test Panels: Select:

Cannabinoid profiling and potency including identification by HPLC with UV detection CBD, CBDA, CBN, THCA, Delta9THC, CBG, Delta8THC	
--	--

Terpene profiling and content by Headspace GC/MS	
--	--

Moisture Content	
------------------	--

Foreign Matter	
----------------	--

Residual Solvents	
-------------------	--

Macroscopic and Microscopic Identification	
--	--

Heavy Metals	
Standard Package As, Pb, Cd, Hg	
Cadmium Cr	
Nickel Ni	
Zinc Zn	

Total Ash	
-----------	--

Test Panels: Select:

Pesticides please select the option required

Pesticides Group 1 (45 pesticides by LC-MS/MS)	
EU.Ph2.8.13 Pesticide residue (by LC/MS/MS and GC/MS/MS)	
Pesticide screening By GC/MS (non quantitative-	

Mycotoxins	
Aflatoxin B1, B2, G1, G2	
Ochratoxin A	

Microbial Panels	
Total Aerobic Count	
Total Yeast and Mould	
Bile Tolerant Gram Negative Bacteria	
Total Coliforms	
Escherichia Coli	
Enterobacteriaceae Enumeration	
Pseudomonas aeruginosa	
Salmonella spp	
Staphylococcus aureus	

API Screening by GCMS (please specify compound)		Custom (as per quote)	
Fingerprinting by HPLC with UV detection			
Alkaloids (Mesembrine, Mesembrenone, Delta-7 Mesembrenone) by HPLC with UV detection			
For laboratory use only

Date:			

Ecogreen Analytics T&C's

1. Samples are analysed as received
2. Samples are invoiced on receipt of samples
3. No results will be released without payment
4. If the client requests additional analyses or repeat analyses, this will be billed to the client.
5. Panels marked with * are subcontracted to a SANAS accredited and or SAHPRA licensed laboratory
6. The laboratory does not offer sampling services, nor does it recommend sampling procedures.
7. Price of analyses subject to change, where there is a price increase, this will be communicated to the client, prior to starting analyses.
8. All samples must be submitted with a sample request form.
9. The laboratory will only schedule analyses once all paperwork has been received and on confirmation of sufficient sample submitted for the analyses requested.
10. The laboratory is bound by impartiality and confidentiality, the statement is available on request.
11. Complaints, queries and compliments need to be submitted in writing to the laboratory.
info@ecogreenanalytics.co.za
12. Re-issue/change requests on CoA's will be billed at a cost of R300 per CoA.
13. The laboratory can arrange sample collection on request, this is billed to the client. All relevant paperwork i.e. Samples request form, SAHPRA license and purchase order must accompany the samples, if the laboratory arranges collection.
14. The laboratory is responsible for the procurement of all reference standards pertaining to their in-house validated methods.
15. If a client requests custom analyses or provides a method for the analyses, the client is responsible for all reference standards cost, and cost of method validation.
16. Sample sizes are indicated per analyses. It is the client's responsibility to ensure sufficient sample is submitted.
17. By submitting a sample to the laboratory, the client confirms they have read and understood the terms and conditions.
